## Users

### New Ability to Archive

Documents can now be archived in all document views. Once archived the file text will turn red. These files will not be available when attaching documents to emails.

When viewing a range of documents it is possible to filter them by All, Archived or Live documents. The default is All.

To access this feature from any view – Documents – Select a file – Use the Archive button

### Alternative Form Background Colour

This feature allows the Company or Person form colour to be changed according to the record state.

To configure this feature – Maintenance - General settings – Search on 'colour' - switchable fields (2080 and 2085) – set the fields to Y – Click the Update button – Click on the Save and Close button.

The 'General Settings' window shows a table of settings. The 'Enable Person State Colours' and 'Enable Company State Colours' settings are highlighted with a red box. The 'Enable Company State Colours' setting is set to 'Y'.

No	Group	Name	Value	Notes
490	Colours	Social Care Recipient Colour	8517805	
500	Colours	Social Care Contact Colour	8517805	
2080	Switchable Fields	Enable Person State Colours	Y	Set to 'Y' to enable Person State Colours. Set to 'N' to disable.
2085	Switchable Fields	Enable Company State Colours	Y	Set to 'Y' to enable Company State Colours. Set to 'N' to disable.

Set colours via Maintenance - Agency Setup - Person and Company States - Tick the Override Form Colour box. Use the Background Colour button to select a new colour.

Note: Using this feature overrides the new look colour palette when viewing a Person or Company record.

The 'Maintenance - Agency Setup' window shows a table of states. The 'Background Colour' button is highlighted with a red box. The 'Override Form Colour' checkbox is also highlighted with a red box and is checked.

## Search Hints

Some users are unaware of the different search views on the search screen. Therefore, the hints function has been set on. The text can be temporarily hidden by clicking Hints button.

Permanently hiding the Hints require System Administrator configuration for each user.

To access this feature - People - Search

## Increased information in the About Box

Information in the about box has been improved to display the first three digit Version numbers which changes when New Features are added and Build numbers which change when fixes and new builds are incorporated into the program.

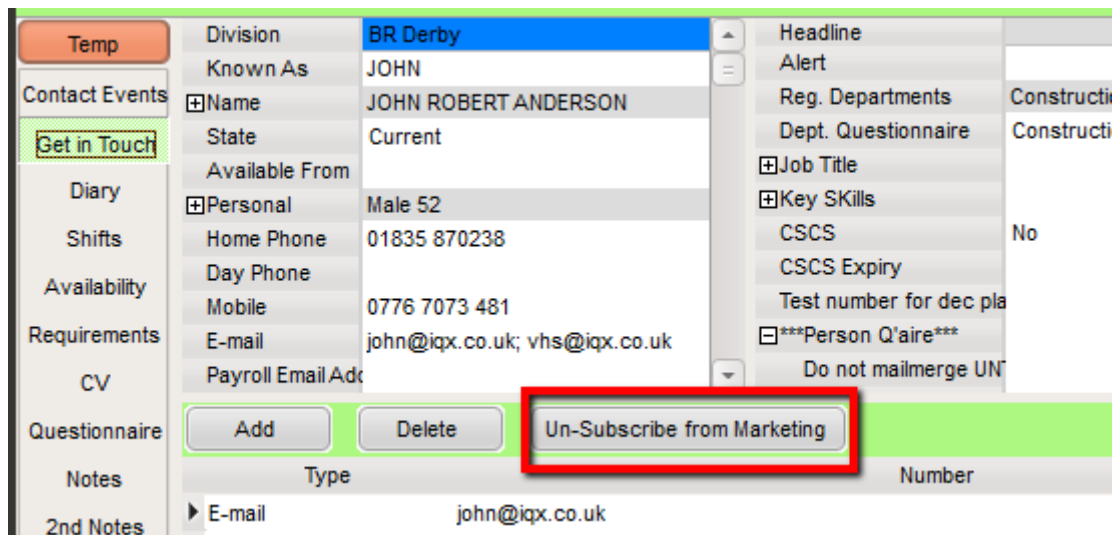

Access this feature - Help - About

## Mailmerge - Unsubscribing to Marketing

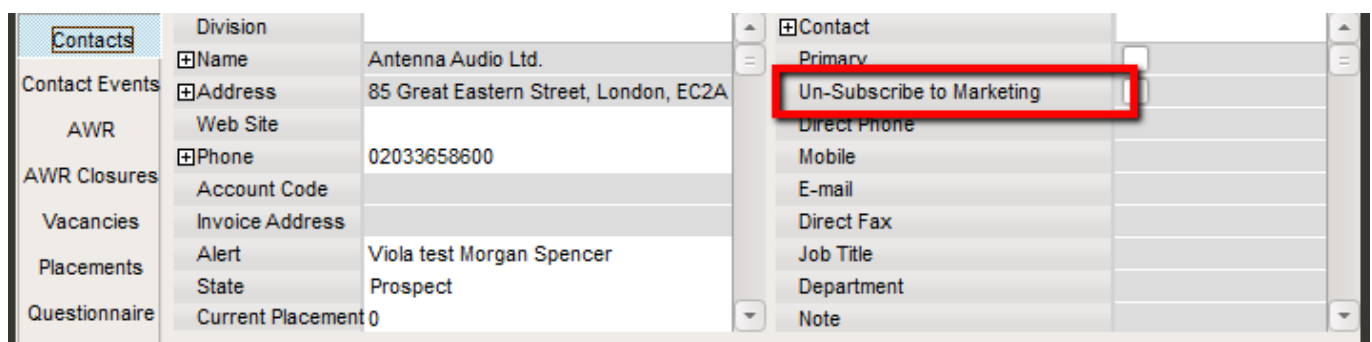

As part of the mailmerge process it is now possible to unsubscribe to Marketing on Person and Company Contacts.

To access this feature from a candidate - People - search and select a person - Get in touch (side bar)  
- Click the Un-Subscribe to Marketing button.

The screenshot shows the iqx software interface. On the left sidebar, the 'Get in Touch' button is highlighted. The main area displays contact details for 'JOHN ROBERT ANDERSON' from the 'BR Derby' division. At the bottom, there are buttons for 'Add', 'Delete', and 'Un-Subscribe from Marketing', with the latter being highlighted by a red box.

To access this feature from a Company Contact - Company - search and select a person or company -  
Click the Un-Subscribe to Marketing box.

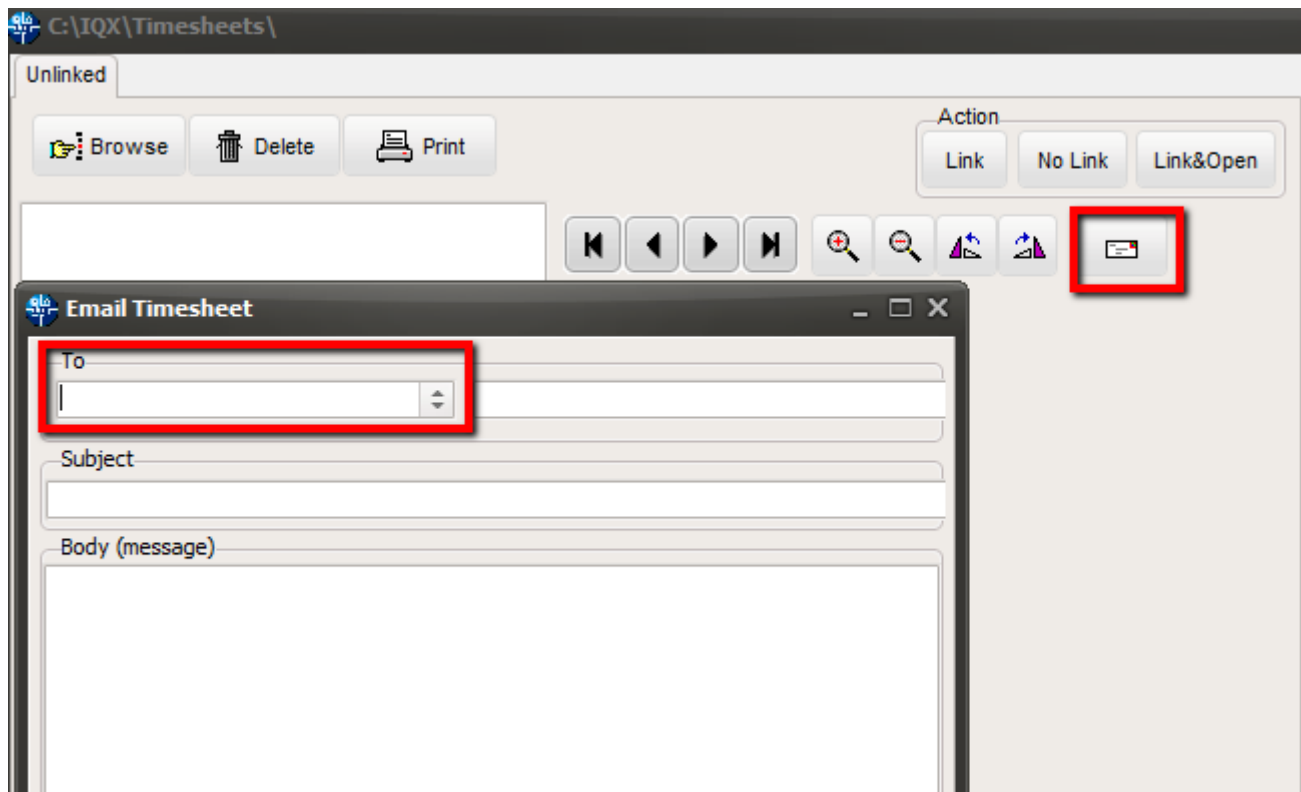

The screenshot shows the iqx software interface for a company contact. The 'Contacts' tab is selected in the left sidebar. The main area displays contact details for 'Antenna Audio Ltd.'. On the right sidebar, the 'Un-Subscribe to Marketing' button is highlighted by a red box.

## Accessing Client Email addresses in Timesheet Image Link

When emailing a Timesheet Image, Client Email addresses can be searched or typed into the email box.

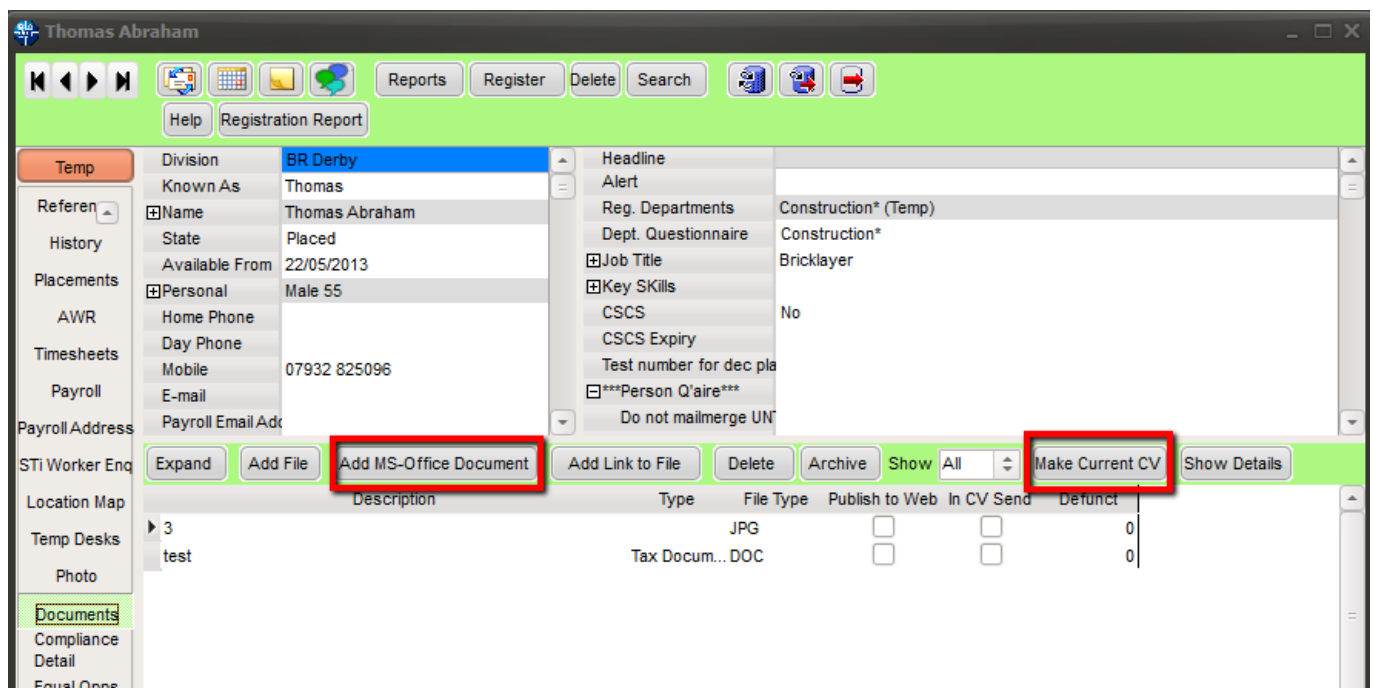

To access this feature - Accounts - Timesheet Image Link - Letter Icon - enter or search company email addresses in the To box.

## Converting MS-Office document files into Current CV

MS Office document files ending in .doc and .docx, or of type MSOffice, can now be added and converted into the Current CV within a Person record.

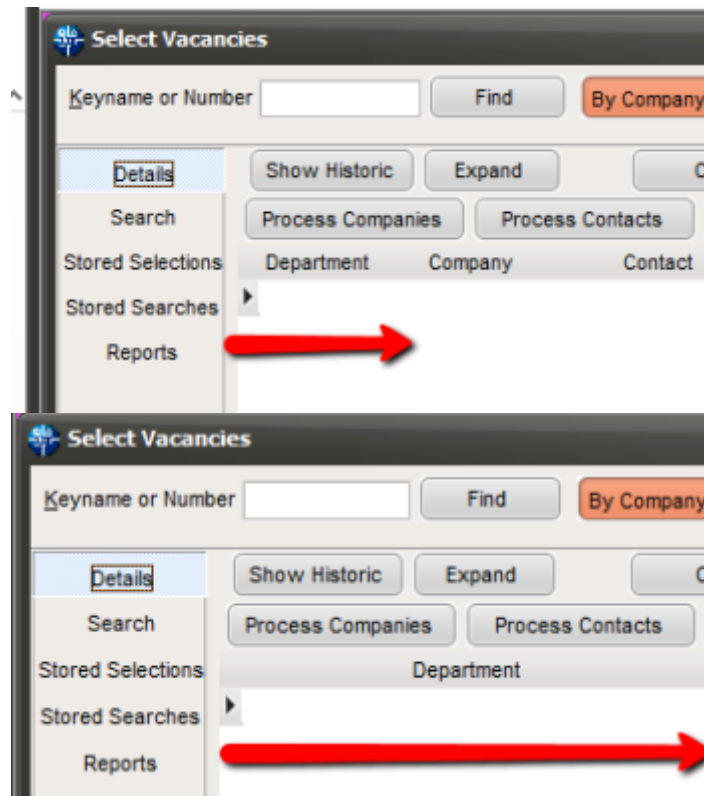

Access this feature by People - Select a person - Documents - Select or Add an MS-Office Document - Click on the Make Current CV button

## Stretchy Columns

In TempDesk, the columns are now stretchable.

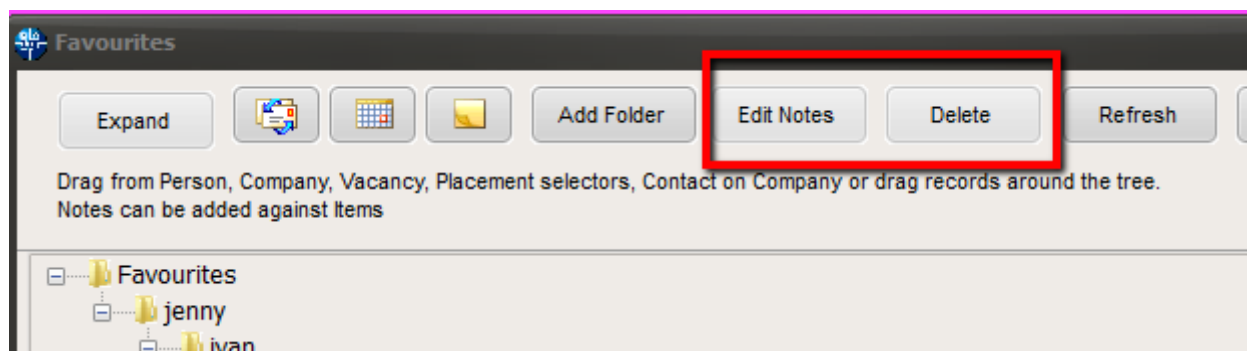

To access the feature – Temp Desk or Vacancy etc. – Find the gap between columns – Hold mouse button down and stretch!

## Editing Notes in Favourites Popup

In the Favourites popup, (the place for making personal lists of contacts/clients), it is possible to Edit Notes and Delete items from within this popup.

To access this feature – Favourites – Edit Notes or Delete

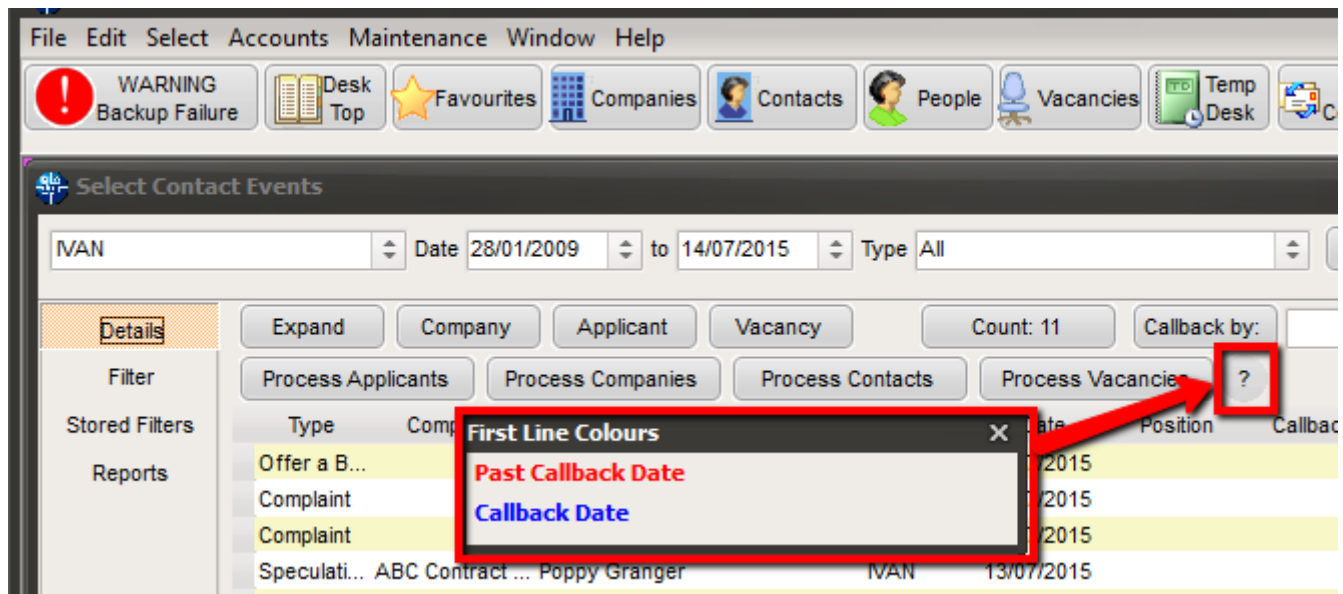

## Colour Legend included in Contact Events

A Colour Legend to explain the use of font colours has been added to Contact Event Selector, Person and Company Contact Events.

To access this feature – Contact Events Selector (not Make Contact Event) – Click ‘?’ OR People or Company – Select Company or Person – Click ‘?’

## Blocking E-Timesheets

This feature offers the option to block creation of E-Timesheets by vacancy where the client does not want timesheets filled in online.

To access this feature – Vacancies – Search and Select a vacancy - Miscellaneous – Scroll down – Block E-Timesheets

The screenshot shows the 'Miscellaneous' settings menu. The 'Block E-Timesheets' option is highlighted with a red box. The menu includes options like 'Duplicate', 'Make Permanent', 'Change Company', and 'Cascade Now'. The 'Block E-Timesheets' option is currently unchecked.

This Feature requires setting up by a System Administrator at Maintenance – General Settings – Group ‘Temps’ – Y against No 330 - Click the Save and Close button.

## Accounts

### Sorting by Charge Amount and Contract

Invoice Temporary Timesheets can now be sorted by Charge Amount and Contract Ref to allow all credit notes to be seen together.

Access to this feature – Accounts – Invoice Temp Timesheets

The screenshot shows the 'Invoice Temp Timesheets' interface. The 'Contract Ref Charge' column is highlighted with a red box. The table displays various timesheet entries with columns for Period, Timesheet, Account Code, Client, Payroll No., Temp, Position, PO Number, Contract Ref, Charge, and Select Attn. of.

## Adding more personalisation to Boiler Plate Text

This feature allows SMS and Emails to be personalised using Boiler Plate Text. For example a Salutation can be added to Shift Details texted to a candidate. See below for an example. However, the number of characters is still limited to 160 so this must be considered when creating Boiler Plate Text.

To configure this feature – Maintenance – Agency Setup – Boiler Plate Text – New Boiler Plate Text can be added here. Users can access the Boiler Plate Text in the usual way.
